

Has Someone You Loved Been Lost to Violent Crime?

Help is available.

The

Alabama Crime Victims' Compensation Commission

If you or someone you know suffered injuries as a result of the violent actions of another, assistance may be available for expenses due to that injury. These may include medical bills, counseling bills, dental bills, lost wages, funeral bills, and other categories. Restrictions apply. The claimant/victim must meet the qualifications as implemented in the Code of Alabama.

To find out about qualification criteria, contact the Commission at (334) 290-4420 or (800) 541-9388 for an application. Applications may also be available from your district attorney's office, many medical facilities, funeral homes, or online at www.acvcc.alabama.gov.
